

DIAZ' MEN TOLD HE MUST QUIT

Rebels, Through Madero,
Demand Ruler's
Pledge.

PEACE PARLEY USELESS

Madero Alarmed Over Refu-
sal of Associates to Ac-
cept Other Terms.

El Paso, Tex., May 5.—The peace commissioners of the Mexican revolutionists formally presented today to Judge Carbajal, the federal envoy, a statement signed by Francis I. Madero, Jr., appealing to President Diaz to make public the assurances given privately that he intended to resign.

After offering his own resignation as president of the provisional government of the republic, Senor Francisco I. Madero, Jr., suggested that both President Diaz and Vice President Corral resign and that Senor La Barra, the minister of foreign relations, become president ad interim until a general election shall have been held.

The statement, couched in most courteous Spanish phrases, informs President Diaz there is no other way out of the present difficulty, and that a word from him will bring peace in a few days.

The Madero statement was presented by the rebel commander at negotiations which began early today only after a heated discussion among the revolutionist leaders.

Rebel successes in the southern and central parts of Mexico, where the resignation of President Diaz is said to be preferred above all other demands for political reform, it is known, caused Gen. Madero to take the stand he did. He feared, it is

said, that his peace negotiations would be of little avail, no matter what formalities were pursued, if the main issue were disregarded.

DOG AND PONY

Show Here Next Monday
And Tuesday.

In an interview with a representative of the Deuel Dog and Pony Shows which will exhibit in our city next Monday and Tuesday, he stated that the proprietors of these shows spent months of careful consideration in the organization of their present shows, fully realizing that in the amusement world as well as ever other walk in life, that in the discrimination between the true and the false the true always wins. In questions of the forms and styles of different acts, as to what would appeal to an audience, the Proprietors of the Deuel Shows have made a careful study, being fully aware by their long experience in the amusement field, that the people will select, appreciate and approve a good performance when they have had the opportunity to do so. They have made a careful study of what the people appreciate and their present shows represents a crystallization of years of efforts and thoughtful and careful consideration in order to place before the public something of which they will approve; that they have succeeded in doing this is shown by the large attendance with which they have been favored in all the cities where they have exhibited. In speaking of the efforts to earn the approval of the public, their representative stated that quite often "since the principals of different schools have realized what a powerful sermon for good the trained animals are" and have given half holidays, he had been present with the youngsters and stated that you can not conceive of their appreciation and that it was as enjoyable as a box of monkeys to watch them. Speaking further he stated that the tots were the most out-spoken of critics and that you cannot get a favorable criticism or a padded eulogy for love or money from a juvenile, you must give him the goods or he denounces you broadcast and the managers of the Deuel Dog and Pony Shows are really grateful to the tots of America for their appreciation of what all now agree to be the best show for the juveniles.
